

I am deeply concerned about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry programming.

It is an obvious attempt at a corporation trying to influence voters during a critical time before the presidential election. If there ever were a time when the FCC should intervene it is now.

What the executives of Sinclair are doing is using the public airwaves as an instrument to express their personal views and effect the election. This subverting of democracy is what is truly OBSCENE. Please stop wasting our resources on the likes of Janet Jackson's breast and take measures to stop huge media companies from exerting this much control over the public.
